

# DATABASE MANAGER

- Join a high achieving fundraising team
- Drive best-practice in data integrity, management, compliance and analytics

**Peter Mac**  
Peter MacCallum Cancer Centre  
Victoria Australia

**Peter Mac** is one of a handful of integrated cancer research, education and treatment centres in the world. Each day the team strives to provide the very best in cancer care, better treatments and potential cancer cures for all people affected by cancer.

*"Globally, we are facing one of the most pivotal times in the pursuit of cancer cures, and Peter Mac stands at its forefront. Together, we aim to lead a new era of cancer prevention, care and discovery."*

This pivotal role, reporting to Fundraising Director, is responsible for all aspects of the fundraising database (Raiser's Edge) including information integrity, privacy and PCI-DSS compliance - along with servicing and supporting the Foundation team in the delivery of data analytics, program reporting, data transfer, integrity & compliance; to help achieve each fundraising program's operational objectives and KPIs.

Providing strong leadership, direction, training & coaching to a capable team, you will bring sound emotional intelligence, proven people management experience, and high level internal & external stakeholder management skills.

This important position demands a high level operator with an elite track record & CRM proficiency; someone with outstanding organisational skills who understands the principles of good governance in relation to data integrity and all areas of applicable legislative compliance.

**If you are a proven database manager seeking to build on your professional career with an award-winning fundraising team, please send your application to [cv@dakinmayers.com.au](mailto:cv@dakinmayers.com.au) by 23 May 2018.**

**Alternatively call 03 9629 6999 for further information.**
